

# HALF PRICE SALE

Ahh... we can just begin to see that summer break coming up. Here's to summer and shady trees under which to keep cool. Our Christmas trees aren't Pines

but they are BIG, and they're going for Christmas prices while we still have stock until 31 January. Take advantage of the season's spirit and pick up stunning

native trees in 45L bags at virtually half price.

The great natives of the New Zealand bush are the ancient trees which

grow here naturally, and therefore work with the landscape in an

understated yet aesthetically pleasing way. They enhance the environment

and thrive in it because they belong there. They're ours, and nothing says

New Zealand more keenly than our own magnificent native trees.

This rare takana sale includes the mostly slower growing great natives of the New Zealand bush:

**Kauri, Tanekaha, Rata, Miro, Tawhero, and Matai.**

**in 45L bags at \$65 + GST**

(usually \$125+GST). Except Matai.

---

**Matai is at the very festive price  
in 160L bags at \$190 + GST**

(usually \$380+GST).

We currently have good stocks  
but the offer is only available until 31 January.

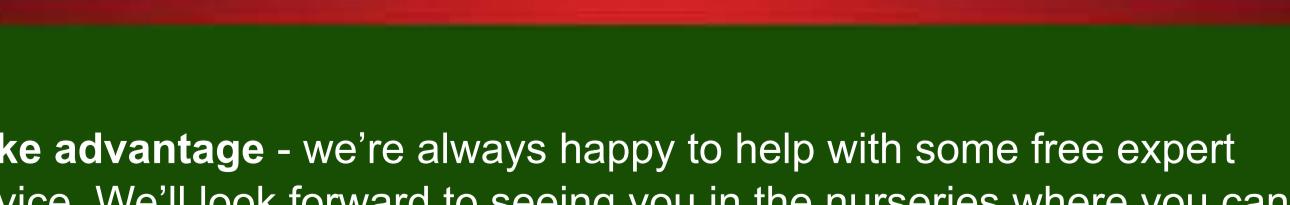

---

We also have a lovely line of  
**35L green-bagged Nikau**

**at a special price of \$95 + GST**

(usually \$135+GST).

The bags are lower quality non-UV imports - our mistake  
- but fit for the purpose until you plant them out.

**The takana wholesale nursery is closed on weekends, and over the Christmas break we're closed from 23 December to 4 January.**

All the very best to you for a safe and peaceful Christmas season, filled to the brim with laughter and mirrors that smile.

**Take advantage** - we're always happy to help with some free expert advice. We'll look forward to seeing you in the nurseries where you can browse amongst over 140 native tree varieties.
