## ***Welcome to takana***

We are a wholesale nursery business and we sell native trees...at Big tree stage!

takana grows almost every New Zealand native tree, at heights of 2m-5m in 45 Litre carry bags or bigger, up to 450 Litres, plus field trees.

So, more than 75 species of beautiful native trees at big tree stage to enhance your landscape spaces, because...if you need instant impact, life's too short to wait for small plants to become specimen trees.

takana has a policy of stocking all the native trees which will grow in the North (i.e. from Waikato/Bay of Plenty north).

takana grows more than 75 species, as well as intra-species variations. Half of these species are not commonly available from NZ nurserymen, but all have their own beauty and place within our unique ecology. And surprisingly, many of us have little or no knowledge of these – how they grow and what conditions they suit.

### ***Please Note:***

- I. All prices are exclusive of GST - Updated Weekly and subject to change without notice***
- II. Generally the minimum height of our 45L bags 1.7m  
of our 160L bags 2.5m***
- III. Our listed prices are for single bags.***
- IV. takana is a wholesale nursery, and our trees are at wholesale prices for delivery in quantity***
- V. We do not accept orders from first time buyers, or non-trade customers of less than five trees***
- VI. If you are a trade customer, we are happy to supply you in whatever quantities you require.***
- VII. Stock Level Key: F = Full Supply / M = Medium Supply / S = Short Supply***
